1. Executive Summary

This document is the SAP Enterprise Blueprint for Let's Talk About Wonder Pvt. Ltd. (LTAW), a fictitious book manufacturing and distribution company. The blueprint defines the complete SAP system setup covering three core functional modules: Financial Accounting (FI), Materials Management (MM), and Sales & Distribution (SD).

The purpose of this blueprint is to document how a mid-sized Indian book manufacturing enterprise would configure and use SAP ECC 6.0 to manage its financial operations, raw material procurement, production, inventory, and order-to-cash cycle. This document serves as the functional and technical foundation for all SAP implementations and customizations at LTAW, covering enterprise structure definition, master data, business process flows, and IMG customization steps.

Blueprint Scope: Company Code LTAW (FI) | Chart of Accounts LTCA | Cost Centers | Purchasing Org LTPO (MM) | Plants LTBG & LTPN | Storage Locations | Material Master (ROH + FERT) | Vendor Master | Sales Org LTSO (SD) | Distribution Channels (Retail, Wholesale, E-Commerce, Institutional) | Divisions (Fiction, Academic, Children, Non-fiction, Premium) | Customer Master | Pricing Procedure ZLTAW_PP | P2P & O2C Process Flows | IMG Customization Steps

2. Company Overview — Let's Talk About Wonder

2.1 About the Company

Let's Talk About Wonder Pvt. Ltd. (LTAW) was founded in 2005 in Bengaluru, Karnataka, India. The company began as a small regional publisher of children's storybooks and has grown into a full-scale book manufacturer serving national retail chains, libraries, schools, and online platforms. LTAW employs approximately 1,200 people across its offices, printing plants, and warehouses.

The company's product portfolio spans five major categories: Literary Fiction, Academic & Educational Textbooks, Children's Illustrated Books, Non-fiction & Biography, and Premium Coffee Table Books. LTAW operates its own printing facilities in Bengaluru and Pune, and maintains distribution centers in Delhi, Mumbai, Kolkata, and Chennai, enabling next-day delivery to over 400 cities.

2.2 Key Company Facts

Attribute	Detail
Legal Name	Let's Talk About Wonder Pvt. Ltd.
Founded	2005 Incorporated under Companies Act 2013
Headquarters	Bengaluru, Karnataka, India
Industry	Book Manufacturing & Publishing Distribution
Revenue (FY25)	INR 280 Crores (approx.)
Employees	~1,200 (Full-time + Contract)
Plants	Bengaluru (LTBG) — Premium & Fiction Pune (LTPN) — Academic & High-Volume

Attribute	Detail
Distribution Centers	Delhi (LTDL) Mumbai (LTMB) Kolkata (LTKO) Chennai (LTCH)
SAP Go-Live	January 2015
SAP System	SAP ECC 6.0, Enhancement Package 8
SAP Clients	800 (Production) 200 (Quality) 100 (Development)

3. Organizational Structure

Let's Talk About Wonder follows a functional organizational structure with dedicated departments for each major business area. The SAP implementation mirrors this structure through its enterprise hierarchy. Each department is mapped to a specific SAP module and a set of transactions relevant to their daily operations.

Department	Head / Role	SAP Module & Key Transactions
Finance & Accounts	CFO / Finance Manager	FI — Journal entries (FB50), Payments (F-53), Receipts (F-28), G/L reporting
Procurement	Purchase Manager	MM — Purchase requisition, purchase order, goods receipt, invoice processing
Warehouse & Inventory	Warehouse Manager	MM — MB51 (Material Document List), MB52 (Warehouse Stocks), MI01 (Physical Inventory)
Sales & Distribution	Sales Director	SD — VA01 (Sales Order), VL01N (Delivery), VF01 (Billing), VA05 (Order List)
Production / Printing	Plant Manager	PP — CO01 (Prod. Order), CO11N (Confirmation), COOIS (Order List)
IT / SAP Team	SAP Manager	Basis (SM50, SM36), ABAP (SE38, SE80), Functional Support (SPRO)
HR & Payroll	HR Manager	HCM — PA30 (Employee Master), PC00 (Payroll), PT60 (Time Evaluation)

4. SAP Enterprise Structure — FI (Financial Accounting)

4.1 Company Code

The Company Code is the central organizational unit in SAP FI. It represents an independent legal entity for which a complete, self-contained set of accounts can be drawn up for external reporting. LTAW maintains one Company Code for its Indian legal entity:

Parameter	Value
Company Code	LTAW

Parameter	Value
Company Name	Let's Talk About Wonder Pvt. Ltd.
Country	India (IN)
Currency	INR (Indian Rupee)
Language	EN (English)
Fiscal Year Variant	V3 — April to March (Indian Financial Year)
Chart of Accounts	LTCA — LTAW Chart of Accounts
Posting Period Variant	LTAW — 12 normal periods + 4 special closing periods
Field Status Variant	LTFS — Required fields: Cost Center, Profit Center, Tax Code

4.2 Chart of Accounts (LTCA)

The Chart of Accounts defines the complete G/L account number structure for LTAW. The custom chart LTCA is aligned with Indian Accounting Standards (Ind AS) and the Companies Act 2013. Account numbers are 6 digits and organized in ranges by account type:

Account Range	Account Type	Examples at LTAW
100000–199999	Fixed Assets	Printing Machines (101000), Buildings (102000), Vehicles (103000), IT Equipment (104000)
200000–299999	Current Assets	Raw Material Stock (201000), Finished Goods (202000), Accounts Receivable (203000), Bank (204000)
300000–399999	Liabilities	Accounts Payable (301000), Short-term Loans (302000), Advance from Customers (303000)
400000–499999	Equity	Share Capital (401000), Retained Earnings (402000), General Reserve (403000)
500000–599999	Revenue	Book Sales — Domestic (501000), Export Revenue (502000), Royalty Income (503000)
600000–699999	Cost of Goods Sold	Paper Cost (601000), Ink Cost (602000), Binding & Finishing (603000), Printing Labor (604000)
700000–799999	Operating Expenses	Employee Salaries (701000), Rent (702000), Marketing (703000), Logistics (704000)
800000–899999	Tax Accounts	GST Input Tax (801000), GST Output Tax (802000), TDS Payable (803000)

4.3 Cost Centers (Controlling — CO)

Controlling (CO) Cost Centers are defined for internal management reporting and cost allocation at LTAW. Each cost center maps to a business department:

Cost Center	Name	Responsible Department
LTMFG	Manufacturing	Printing Plant — all production costs (paper, ink, labor)
LTSLs	Sales	Sales & Distribution — commissions, travel, sales salaries
LTMKT	Marketing	Marketing Dept — advertising, campaigns, trade shows
LTADM	Administration	Admin, HR, Finance, IT — overhead costs
LTWHS	Warehouse	Warehouse & Logistics — storage, packing, freight
LTPUB	Publishing	Editorial, content acquisition, author royalties

5. SAP Enterprise Structure — MM (Materials Management)

5.1 Purchasing Organization

The Purchasing Organization is the central unit responsible for negotiating purchasing conditions with vendors and is legally responsible for all external procurement contracts. LTAW uses a centralized purchasing organization that procures for all plants:

Parameter	Value
Purchasing Org.	LTPO — LTAW Central Purchasing Organization
Assigned to	Company Code LTAW (cross-plant centralized purchasing)
Purchasing Group — LT01	Paper & Raw Material Buyers — responsible for paper, ink, binding procurement
Purchasing Group — LT02	Packaging & Consumables — responsible for cartons, shrink wrap, labels
Purchasing Group — LT03	IT & Indirect Procurement — software, office supplies, services

5.2 Plants & Storage Locations

LTAW has defined four plant codes in SAP. Plants LTBG and LTPN are manufacturing plants; LTDL and LTMB are distribution centers (DC):

Plant	Name	Location	Storage Locations
LTBG	LTAW Bengaluru Plant	Bengaluru, KA	LT01=Raw Material LT02=Work-in-Progress LT03=Finished Goods LT05>Returns
LTPN	LTAW Pune Plant	Pune, MH	LT01=Raw Material LT02=Work-in-Progress

Plant	Name	Location	Storage Locations
			LT03=Finished Goods LT05=Returns
LTDL	LTAW Delhi DC	New Delhi, DL	LT04=Dispatch Stock LT05=Damaged/Returns
LTMB	LTAW Mumbai DC	Mumbai, MH	LT04=Dispatch Stock LT05=Damaged/Returns

5.3 Material Master — Key Materials

LTAW manages two primary SAP material types: Raw Materials (ROH) for production inputs and Finished Goods (FERT) for completed books ready for sale. Material numbers follow the convention LTAW-RM-XXX for raw materials and LTAW-FG-XXX for finished goods:

Material No.	Type	Division	Description
LTAW-RM-001	ROH	—	High-Quality A4 Printing Paper — 70 GSM, sourced from FluffySheets Paper Mills
LTAW-RM-002	ROH	—	Black Soy-Based Printing Ink — eco-certified, bulk drums
LTAW-RM-003	ROH	—	Hard Binding Glue & Thread — for hardcover book binding
LTAW-RM-004	ROH	—	Color Printing Ink Set — for illustrated children's books
LTAW-FG-F01	FERT	01-Fiction	The Starless Garden — Novel by Aryan Mehta (Hardcover, 380 pages)
LTAW-FG-F02	FERT	01-Fiction	Monsoon Letters — Literary Fiction (Paperback, 290 pages)
LTAW-FG-A01	FERT	02-Academic	CBSE Class 10 Science Textbook — Revised Edition 2025
LTAW-FG-A02	FERT	02-Academic	IIT-JEE Mathematics Problem Set — Volume 2
LTAW-FG-C01	FERT	03-Children	Wonder & Whimsy — Illustrated Storybook (Full Color, 64 pages)
LTAW-FG-N01	FERT	04-Non-fiction	The Thinking Machine — Biography of Dr. Vikram Sarabhai

Material No.	Type	Division	Description
LTAW-FG-P01	FERT	05-Premium	India Through the Lens — Premium Coffee Table Book (Hardbound)

6. SAP Enterprise Structure — SD (Sales and Distribution)

6.1 Sales Organization

The Sales Organization is the highest-level organizational unit in SD. It is responsible for distributing goods and services, negotiating sales conditions, and is liable for product warranties. LTAW has one sales organization covering all of India:

Parameter	Value
Sales Organization	LTSO — LTAW Sales Organization (India)
Assigned to Company Code	LTAW
Currency	INR (with USD for export orders)
Sales Office — North	LTDL_OFF — New Delhi Office (covers North & East India)
Sales Office — South/West	LTBG_OFF — Bengaluru Office (covers South & West India)

6.2 Distribution Channels

Distribution Channels define how products reach the end customer. LTAW has four distribution channels reflecting its diverse sales approach:

Code	Name	Description
10	Retail	Direct sales to bookstore chains — Crossword, Landmark, Om Book Shop. Orders typically 50–500 units per title per store.
20	Wholesale	Bulk sales to regional distributors and wholesalers who then sell to smaller retailers. Orders typically 1,000+ units.
30	E-Commerce	Sales via Amazon India, Flipkart, and LTAW's own website (ltaw.in). Orders are individual units shipped directly.
40	Institutional	Bulk supply to schools, colleges, public libraries, and government bodies under tender/contract. Special pricing applies.

6.3 Divisions

Divisions represent product lines. In LTAW, each division corresponds to a book genre, enabling division-level revenue reporting and separate pricing conditions:

Code	Division Name	Product Range
01	Fiction	Novels, Thrillers, Romance, Literary Fiction, Short Stories — sold primarily via Retail & E-Commerce
02	Academic	CBSE/ICSE/IGCSE textbooks, competitive exam guides (JEE, NEET, UPSC) — sold primarily to Institutional & Wholesale
03	Children	Picture books, board books, activity books, illustrated storybooks — sold via Retail & E-Commerce
04	Non-fiction	Biographies, Self-help, Business, History, Science popular — Retail & E-Commerce
05	Premium	Coffee table books, collector's editions, limited print — Retail & Direct B2B only

6.4 Customer Master — Sample Customers

Customer No.	Name	Channel	Division	City
LTCUST001	Crossword Bookstores Pvt. Ltd.	10-Retail	01, 03, 04	Mumbai
LTCUST002	National Book Trust India	40-Institutional	02, 04	New Delhi
LTCUST003	ST Book House	10-Retail	01, 02, 03	Bengaluru
LTCUST004	Lovers Wholesalers Pvt. Ltd.	20-Wholesale	01, 02	Hyderabad
LTCUST005	Delhi Public School Group	40-Institutional	02	New Delhi
LTCUST006	Amazon Seller Services Pvt.	30-E-Commerce	All	Bengaluru

7. Master Data Setup — Vendors, Customers & Pricing

7.1 Vendor Master — Key Vendors (MM)

Vendor master records are created in SAP under the purchasing organization LTPO and assigned to Company Code LTAW for financial postings. The following are LTAW's key raw material and service vendors:

Vendor No.	Name	Category	City & Payment Terms
LTVEND001	FluffySheets Paper Mills Ltd.	Raw Material — Paper	Pune Net 30 NEFT

Vendor No.	Name	Category	City & Payment Terms
LTVEND002	InkPink Supplies Co.	Raw Material — Ink	Chennai Net 45 RTGS
LTVEND003	PetalWrap Packaging	Packaging Material	Bengaluru Net 30 Cheque
LTVEND004	DaisyDash Logistics Pvt.	Freight / Transport Service	Mumbai Net 15 NEFT
LTVEND005	ChromaCraft Tech Pvt. Ltd.	Color Ink & CMYK Cartridges	Delhi Net 30 NEFT

7.2 Pricing Procedure (SD) — ZLTAW_PP

LTAW uses a custom pricing procedure ZLTAW_PP assigned to the sales area (LTSO + all channels + all divisions). The procedure calculates the final customer-payable amount through the following condition type sequence:

Step	Condition	Name	Description & LTAW Usage
10	PR00	Base Price	Standard price of the book maintained in the system.
20	ZD01	Trade Discount %	Volume-based discount for wholesale and institutional customers — negotiated per customer.
30	ZD02	E-Comm. Discount	Fixed 10% platform discount for orders via Channel 30 (Amazon/Flipkart)
40	MWST	Output Tax (GST)	GST at 5% for printed books as per Indian GST Council notification
50	ZTFR	Freight Charges	Freight added for orders with delivery distance > 50 km from nearest DC — zone-based rates
60	NETWR	Net Value	Final customer-payable amount after discounts + GST + freight

8. Business Process Scenarios — P2P and O2C

8.1 Procure-to-Pay (P2P) — Raw Material Procurement

The P2P process at LTAW covers the complete cycle from identifying a material requirement through to making payment to the vendor. The following describes the end-to-end SAP P2P flow for procuring printing paper (LTAW-RM-001) for Plant LTBG:

Purchase Requisition (ME51N) — Warehouse manager at LTBG raises a purchase requisition for 50 metric tons of paper (LTAW-RM-001). The requisition is approved by the Purchase Manager using the release process (ME54N).

Request for Quotation (ME41) — RFQs are sent to approved vendors, including LTVEND001 and other suppliers, with a submission deadline of 5 working days.

Vendor Quotation & Comparison (ME47 / ME49) — Vendor quotations are entered and compared in SAP. FluffySheets Paper Mills (LTVEND001) is selected with a quotation of INR 65,000 per metric ton.

Purchase Order Creation (ME21N) — A purchase order is created for 50 MT × INR 65,000 = INR 32,50,000 with payment terms of Net 30. Delivery is scheduled to LTBG, Storage Location LT01.

Goods Receipt (MIGO) — The material is received at LTBG, and inventory is updated in the system.

Invoice Verification (MIRO) — Vendor invoice of INR 38,35,000 (including GST) is verified against the purchase order and goods receipt.

Payment Processing (F110) — On the due date, payment is processed automatically, and the vendor account is cleared

8.2 Order-to-Cash (O2C) — Book Sales

The O2C process covers the complete customer order life-cycle from order creation through delivery to payment receipt. Below is the LTAW O2C flow for Crossword Bookstores (LTCUST001) ordering 500 copies of The Starless Garden (LTAW-FG-F01):

- **Sales Order Creation (VA01)** — Customer places an order for 500 copies at INR 499 each. The system performs an availability check (ATP) and confirms stock availability at LTDL (Delhi Distribution Center).
- **Order Confirmation** — SAP automatically confirms the delivery date based on route determination (LTDL to Mumbai ≈ 2 days), and the order is confirmed to the customer.
- **Outbound Delivery Creation (VL01N)** — Delivery is created with reference to the sales order. The warehouse team picks 500 books from storage location LT04 at LTDL.
- **Post Goods Issue (VL02N — PGI)** — Goods issue is posted, reducing inventory and recording the cost in the system.
- **Billing / Invoice Creation (VF01)** — Invoice is generated for the customer: $500 \times \text{INR } 499 = \text{INR } 2,49,500 + 5\% \text{ GST} = \text{INR } 2,61,975$.
- **Accounts Receivable Posting** — The system automatically records the receivable amount against the customer account.
- **Payment Receipt & Clearing (F-28)** — Customer makes payment within the credit period. The finance team posts the incoming payment and clears the open invoice.

9. SAP Customization Steps (IMG Activities)

All SAP configuration is performed via the Implementation Guide accessible through SPRO → SAP Reference IMG. The following are the key IMG activities completed for LTAW's go-live across FI, MM, and SD:

9.1 FI Configuration

- ◆ Enterprise Structure → Definition → Financial Accounting → Edit, Copy, Delete, Check Company Code → Create LTAW with country IN, currency INR
- ◆ Financial Accounting → Master Data → G/L Accounts → Define Chart of Accounts → Create LTCA, assign to LTAW
- ◆ SPRO → Financial Accounting → Business Transactions → Fiscal Year → Maintain Fiscal Year Variant → Assign V3 (Apr–Mar) to LTAW

- ◆ Financial Accounting → Accounts Receivable → Customer Accounts → Define Account Groups (domestic customer, export customer, one-time)
- ◆ Financial Accounting → Tax on Sales/Purchases → Basic Settings → Define Tax Codes → I5 = Input Tax 5% (books GST)

9.2 MM Configuration

- ◆ Enterprise Structure → Definition → Logistics — General → Define, Copy, Delete, Check Plant → Create LTBG (Bengaluru), LTPN (Pune), LTDL (Delhi), LTMB (Mumbai)
- ◆ Materials Management → Purchasing → Purchasing Organization → Define Purchasing Organization → Create LTPO, assign to company code LTAW
- ◆ Enterprise Structure → Assignment → Materials Management → Assign Plant to Company Code → Assign all 4 plants to LTAW
- ◆ Materials Management → Inventory Management → Define Storage Locations → Create LT01–LT05 for each plant
- ◆ Materials Management → Valuation → Account Determination → Configure Automatic Postings → Map BSX (stock), WRX (GR/IR), GBB (consumption) to G/L accounts

9.3 SD Configuration

- ◆ Enterprise Structure → Definition → Sales and Distribution → Define Sales Organization → Create LTSO, currency INR
- ◆ Enterprise Structure → Definition → Sales and Distribution → Define Distribution Channel → Create 10, 20, 30, 40
- ◆ Enterprise Structure → Definition → Sales and Distribution → Define Division → Create 01–05 for all book genres
- ◆ Sales and Distribution → Basic Functions → Pricing → Pricing Control → Define and Assign Pricing Procedures → Create ZLTAW_PP and assign to sales area
- ◆ Sales and Distribution → Basic Functions → Availability Check and Transfer of Requirements → Define Checking Rules → Standard ATP for finished goods

10. Cross-Module Integration Points

A defining strength of SAP ECC is seamless real-time integration between modules. At LTAW, the following automatic postings occur across FI, MM, and SD without any manual intervention — driven by SAP's account determination configuration:

Modules	Trigger Event	What Happens Automatically in SAP
MM → FI	Goods Receipt	Inventory is updated and corresponding accounting entries are recorded in FI.
MM → FI	Invoice Verification	Vendor liability is recorded and invoice is processed in FI.
MM → FI	Goods Issue for Production	Raw material consumption account debited, stock account credited

Modules	Trigger Event	What Happens Automatically in SAP
SD → FI	Post Goods Issue	Inventory is reduced and cost is recorded in FI.
SD → FI	Billing Document	Customer account is updated and revenue is recorded in FI
SD → MM	Sales Order — Availability Check	SAP checks stock availability from plants (LTDL / LTMB) in Materials Management (MM) to confirm delivery dates during sales order processing in Sales & Distribution (SD).
MM → SD	Material Master Valuation	VPRS condition type in pricing procedure reads moving average price from MM material master valuation view

11. Tech Stack and SAP System Summary

Component	Details
SAP System	SAP ECC 6.0, Enhancement Package 8 (EHP8)
Application Server OS	SAP system runs on a Linux-based server
Database	Oracle Database 19c — SAP-certified configuration
SAP Modules Active	FI, CO, MM, SD, PP (partial), HCM (partial), WM (Warehouse Mgmt)
Development Tools	SE38 (ABAP), SE80, SE11, SPRO, SM30
Custom Reports	Basic ABAP ALV reports for Sales, Purchasing, and Stock
Interfaces	Integration with external platforms like e-commerce websites
ALE/IDOC	Between Company Code LTAW and sister entity for inter-company stock transfers
Landscape	DEV (100) → QA (200) → PRD (800) — Transport via STMS, Workbench Requests

12. Unique Aspects and Business Justification

The LTAW blueprint incorporates several design decisions that reflect real-world book publishing and manufacturing industry requirements, making it more realistic and educationally valuable than a generic manufacturing blueprint:

- GST 5% for Books (Not 18%) — India's GST Council levies only 5% GST on printed books (HSN Code 4901) vs. 18% for most manufactured goods. This industry-specific tax rate is specifically configured as Tax Code I5 in LTAW's FI settings — a detail that demonstrates real knowledge of Indian tax law.
- Genre-based Division Structure — The five-division setup (Fiction, Academic, Children, Non-fiction, Premium) maps directly to LTAW's business reality. This

allows management to generate division-wise P&L reports in CO, see revenue by genre in SD, and plan production by division in PP.

- Seasonal Academic Demand — Academic textbooks (Division 02) have peak demand in March–May (school year start) and August–September (re-orders). LTAW's MRP configuration uses seasonality profiles to pre-build inventory of LTAW-FG-A01 and A02 in January–February, reducing stock-outs.
- Split Manufacturing Plants by Book Type — Bengaluru plant (LTBG) handles premium, fiction, and children's books requiring high-quality color printing. Pune plant (LTPN) handles academic books requiring high-volume black-and-white offset printing. This split avoids equipment conflicts and optimizes production scheduling.
- Returns Management with Dedicated Returns Plant — Books are regularly returned by bookstores for unsold seasonal stock. LTAW has configured SD Returns Order type RE and a returns processing storage location LT05 at each plant, allowing systematic tracking and restocking or disposal of returned inventory.
- E-Commerce as Separate Distribution Channel — With the rise of online book sales, LTAW has set up Channel 30 (E-Commerce) with different pricing conditions (ZD02 = 10% platform discount), separate output types (email invoice vs. print invoice), and individual-unit shipping rather than pallet-level dispatch.

13. Future Scope and Roadmap

- ◆ SAP S/4HANA Migration (FY2027) — LTAW plans to migrate from SAP ECC 6.0 to SAP S/4HANA 2023. Key preparation steps: run Simplification Item checks (SUM tool), ABAP code compatibility scan (ATC), Business Partner conversion for Customer/Vendor, and table structure changes (ACDOCA replacing FI tables). Expected benefits: real-time inventory valuation, embedded analytics, and simplified data model.
- ◆ SAP Extended Warehouse Management (EWM) — The current basic WM setup will be upgraded to SAP EWM for advanced wave picking, cross-docking between inbound and outbound deliveries at Delhi and Mumbai DCs, and integration with barcode scanners for real-time stock location tracking.
- ◆ SAP Ariba for Strategic Sourcing — Procurement will connect to SAP Ariba Sourcing for e-bidding with paper suppliers, digital contract management with vendors, and a supplier collaboration portal where LTVEND001 can track LTAW purchase orders online and submit ASNs (Advance Shipment Notices).
- ◆ SAP Analytics Cloud (SAC) — Live dashboards for Sales Directors and Plant Managers: division-wise revenue vs. target, plant-wise production efficiency (OEE), delivery-on-time performance (OTIF%), and top-10 bestselling books by revenue — all fed from S/4HANA in real-time.
- ◆ SAP Commerce Cloud Integration — LTAW's own book website (ltaw.in) will be rebuilt on SAP Commerce Cloud, enabling real-time stock availability checks, direct order placement into SAP SD via OData APIs, and customer self-service for order tracking and invoice download.

14. Conclusion

This blueprint document defines the complete SAP enterprise setup for Let's Talk About Wonder Pvt. Ltd. — a fictitious but realistically designed book manufacturing and distribution company. The blueprint covers all three major SAP functional pillars: Financial Accounting (FI), Materials Management (MM), and Sales & Distribution (SD).

The document demonstrates how a mid-sized Indian manufacturing company would configure SAP ECC 6.0 to support its entire business — from procuring raw materials (paper, ink, binding) through manufacturing (Bengaluru and Pune plants) to selling finished books across four distribution channels (Retail, Wholesale, E-Commerce, Institutional) and five product divisions (Fiction, Academic, Children, Non-fiction, Premium).

All enterprise structural elements — Company Code LTAW, Purchasing Organization LTPO, four Plants, Sales Organization LTSO, four Distribution Channels, and five Divisions — are defined with realistic values grounded in the book publishing industry context, including India-specific configurations like the 5% GST on printed books and the April-to-March Indian fiscal year.

The two core process scenarios — Procure-to-Pay for raw material procurement and Order-to-Cash for book sales — cover the majority of LTAW's daily SAP transactions and illustrate the deep real-time cross-module integration (MM↔FI↔SD) that makes SAP a powerful and reliable enterprise platform. The future roadmap toward S/4HANA, EWM, and SAC positions LTAW as a forward-thinking enterprise ready for digital transformation.

— End of Document —
